By letter dated April 23, 2002, Reclamation acknowledged their capacity to apply additional riprap to the bankline location in the future was compromised due to the pending development of the upland residences and subsequently declared that Reclamation would not provide additional riprap to the bankline location in the future. Consequently, Reclamation decreed that the upland homeowner (Applicants) would be responsible for maintaining protection of their own banklines in the future, subject to the homeowners seeking approval and permitting of their riprap or bankline construction work from
