AUTHORIZED USE:

Continued use and maintenance of the John F. Kennedy boat ramp previously authorized by the Commission; and the maintenance dredge of a maximum of 40,000 cubic yards of material in the Napa River at the John F. Kennedy boat ramp to maintain a navigable depth. Dredged material will be disposed of at the U.S. Army Corps of Engineers' designated disposal site SF-9 (Carquinez Strait), Cullinan Ranch Restoration Project, the Napa County Flood Control and Water Conservation District's Imola Avenue site, and/or other U.S. Army Corps of Engineers' approved disposal sites.

LEASE TERM:

OTHER PERTINENT INFORMATION:

1. On April 27, 1967, the Commission authorized Lease No. PRC 3745.9 a Public Agency Permit, for the construction of a boat-launching ramp (now the John F. Kennedy boat ramp), access thereto, and the maintenance of

CALENDAR ITEM NO. **C36** (CONT'D)

a channel area located waterward of the ramp. The lease is due to expire on April 26, 2016.

2. On September 14, 1988, the Commission authorized under Lease No. PRC 5870.9 a Maintenance Dredging Permit, for the dredging of 630,000 cubic yards of material of ungranted sovereign land in the federal navigation channel of the Napa River waterward of the John F. Kennedy boat ramp and at other adjacent areas. The lease expired on September 13, 1991.
3. The Lessee has now applied for a new General Lease – Public Agency Use for the continued use and maintenance of the boat launch ramp and the dredging of ungranted sovereign land surrounding the boat launch.
4. The purpose of the dredging is to allow navigable ingress and egress from the boat ramp for public benefit. The boat ramp is currently not usable due to severe siltation.
5. **Lease Termination:**
The staff recommends that the Commission find that the subject lease termination does not have a potential for resulting in either a direct or a reasonably foreseeable indirect physical change in the environment, and is, therefore, not a project in accordance with the California Environmental Quality Act (CEQA).

Authority: Public Resources Code section 21065 and California Code of Regulations, Title 14, sections 15060, subdivision (c)(3), and 15378.

6. **Dredging:**
The staff recommends that the Commission find that this activity is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 4, Minor Alterations to Land; California Code of Regulations, Title 14, section 15304.

Authority: Public Resources Code section 21084 and California Code of Regulations, Title 14, section 15300.

7. **Existing Boat Ramp:**
The staff recommends that the Commission find that this activity is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, Title 2, section 2905, subdivision (a)(2).

CALENDAR ITEM NO. **C36** (CONT'D)

Authority: Public Resources Code section 21084 and California Code of Regulations, Title 14, section 15300 and California Code of Regulations, Title 2, section 2905.

Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
