GENERAL LEASE – GRAZING USE

APPLICANT:

John Barnum

AREA, LAND TYPE, AND LOCATION:

Approximately 1,445.5 acres, more or less, of State indemnity school land, located in portions of Sections 11, 12, 13 and 14, Township 26 North, Range 16 East MDM and Sections 6 and 7, Township 26 North, Range 17 East, MDM, near Herlong, Lassen County.

AUTHORIZED USE:

Continued use and maintenance of existing livestock grazing and fencing.

LEASE TERM:

10 years, beginning April 1, 2014.

CONSIDERATION:

\$1,208 per year, with the State reserving the right to fix a different rent periodically during the lease term, as provided in the lease.

SPECIFIC LEASE PROVISIONS:

1. Liability insurance in an amount no less than \$1,000,000 per occurrence.
2. Number of animals permitted on the Lease Premises is restricted to those that can be supported by vegetation.
3. Applicant must exercise good grazing practices to avoid overgrazing.

BACKGROUND:

School Lands were granted to the State of California by the federal government under the Act of March 3, 1853 (10 Stat. 244), and consisted of the 16th and 36th sections of land in each township (with the exception of lands reserved for public use, lands taken by private land claims, and lands known to be mineral in character). In cases of preemption due to the exceptions described above, the

CALENDAR ITEM NO. **C83** (CONT'D)

State was given the opportunity to select replacement lands from the United States in lieu of a Section 16 and a Section 36. These replacement lands are now known as Indemnity School Lands or Lieu Lands.

OTHER PERTINENT INFORMATION:

1. Applicant owns land adjoining the lease premises. The Applicant also has current grazing permits on additional adjoining federal lands managed by the U.S. Bureau of Land Management and the U.S. Forest Service.
2. On October 16, 2004, the Commission authorized a General Lease – Grazing Use with Lambert C. Barnum, Marcia A. Barnum, Charles H. Marx and Marlene Marx. On June 26, 2006, the Commission authorized an assignment of lease from Charles H. Marx and Marlene Marx to Matandy Land & Cattle Company. On October 16, 2008, the Commission authorized an assignment of lease from Matandy Land & Cattle Company to Elizabeth Fielding and Edward Svendsen. That lease expired on March 31, 2014. The previous Lessees have agreed to split the Lease Premises into two Leases. The Applicant is now applying for a new General Lease – Grazing Use for the area located east from the railroad tracks.
3. The number of animals permitted on the Lease Premises is restricted to those that can be supported by the forage available on this ephemeral range area taking into consideration forage reserved for necessary wildlife use. The estimated carrying capacity of the Lease Premises is approximately 151 animal unit months (AUM). The cattle generally graze during the months of March through June in years when ephemeral forage is available, but the grazing period may vary over the term of this lease due to climatic conditions and/or other natural phenomena. Water sources are available on the land adjoining the lease premises.
4. The Applicant is required to use good grazing practices to avoid overgrazing of the Lease Premises. The Commission may, at any time during the Lease term, make an analysis of forage conditions utilizing accepted range management practices.
5. The staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 4, Minor Alteration to Land; California Code of Regulations, Title 2, section 2905, subdivision (d)(1).

CALENDAR ITEM NO. **C83** (CONT'D)

Authority: Public Resources Code section 21084 and California Code of Regulations, Title 14, section 15300 and California Code of Regulations, Title 2, section 2905.

6. This activity involves lands which have NOT been identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq.; however, the Commission has declared that all lands are “significant” by nature of their public ownership (as opposed to “environmentally significant”). Since such declaration of significance is not based upon the requirements and criteria of Public Resources Code section 6370 et seq., use classifications for such lands have not been designated. Therefore, the finding of the project’s consistency with the use classification as required by California Code of Regulations, Title 2, section 2954 is not applicable.

EXHIBITS:

- A. Land Description
- B. Site and Location Map

RECOMMENDED ACTION:

It is recommended that the Commission:

CEQA FINDING:

Find that the activity is exempt from the requirements of CEQA pursuant to California Code of Regulations, Title 14, section 15061 as a categorically exempt project, Class 4, Minor Alteration to Land; California Code of Regulations, Title 2, section 2905, subdivision (d)(1).

AUTHORIZATION:

Authorize issuance of a General Lease – Grazing Use to John Barnum beginning April 1, 2014, for a term of 10 years, for the continued use and maintenance of cattle grazing and fencing as described in Exhibit A and shown on Exhibit B (for reference purposes only) attached and by this reference made a part hereof; annual rent in the amount of \$1,208 with the State reserving the right to fix a different rent periodically during the lease term, as provided in the lease; and liability insurance in an amount no less than \$1,000,000 per occurrence.
