*AUTHORIZED USE:*

If Lessee does not have a valid Tahoe Regional Planning Agency (TRPA) buoy permit, Lessee is required to obtain such authorization for the mooring buoys within 2 years after the certification of a Final Environmental Impact Statement for the Lake Tahoe Shorezone Ordinance Amendments and approval of the amended ordinances. If the Lessee is unable to obtain such authorization within the time limit, they may be required to remove the buoys.

STAFF REPORT NO. **C50** (CONT'D)

4. Lessee expressly acknowledges and agrees that issuance of a lease does not substitute for, or provide preference in, obtaining authorizations from TRPA or any other regulatory agency for the improvements authorized by the Commission.

**STAFF ANALYSIS AND RECOMMENDATION:**

**Authority:**

Public Resources Code sections 6005, 6216, 6301, 6501.1, 6503, and 6503.5; California Code of Regulations, title 2, sections 2000 and 2003.

**Public Trust and State's Best Interests Analysis:**

On March 25, 2008, the Commission authorized a Recreational Pier Lease for an existing pier, boathouse, and two mooring buoys to John V. Kearns ([Item C13, March 25, 2008](#)). On February 22, 2013, the Commission authorized an assignment of the lease to Harry Boyajian, Jr. ([Item C52, February 22, 2013](#)). That lease expired on March 24, 2018. The Applicant is now applying for a General Lease – Recreational Use for the continued use and maintenance of the existing pier, boathouse, and two mooring buoys.

The Applicant owns the upland adjoining the lease premises. The subject facilities are privately owned and maintained. The pier, boathouse, and two mooring buoys are used for the docking and mooring of boats and facilitate recreational boating. Recreational boating is a water-dependent use that is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of Public Trust land (Pub. Resources Code, § 6503.5).

The subject facilities have existed for many years at this location. The pier is built on pilings, which allows the public to navigate or walk next to and, at lower water levels, under the pier. The immediate area of the existing pier is gently sloped with cobblestones and pebbles. The two buoys are located directly lakeward of the upland property and occupy a relatively small area of the lake.

The proposed lease does not alienate the State's fee simple interest or permanently impair public rights. The lease is limited to a 10-year term, does not grant the lessee exclusive rights to the lease premises, and reserves an easement to the public for Public Trust-consistent uses. Upon termination of the lease, the lessee may be required to remove all improvements from State land.

STAFF REPORT NO. **C50** (CONT'D)

The proposed lease requires the lessee to insure the lease premises and indemnify the State for any liability incurred as a result of the lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the occupation of the public land involved. For all the reasons above, staff believes the issuance of this lease is consistent with the common law Public Trust Doctrine and in the best interests of the State.

**OTHER PERTINENT INFORMATION:**

1. The proposed lease was previously scheduled for Commission consideration at the February 27, 2018 meeting. At that meeting, the Commission considered updates to the Lake Tahoe benchmarks ([C90, February 27, 2018](#)). The Commission deferred action on revising the existing Lake Tahoe benchmark and directed staff to identify funding options to conduct a thorough evaluation of the various methodologies available to the Commission to assess rent for piers, buoys and other structures located on state property in Lake Tahoe. The Commission further directed staff to continue applying the 2012 Lake Tahoe benchmarks for the next 5 years. Consequently, this item was removed from the February agenda, revised to reflect the current benchmark rates, and rescheduled for the Commission's consideration at the Commission's April meeting.
2. This action is consistent with Strategy 1.1 of the Commission's Strategic Plan to deliver the highest levels of public health and safety in the protection, preservation, and responsible economic use of the lands and resources under the Commission's jurisdiction, and Strategy 1.3 to promote, expand, and enhance appropriate public use and access to and along the State's inland and coastal waterways.
3. Staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, title 14, section 15300 and California Code of Regulations, title 2, section 2905.

**RECOMMENDED ACTION:**

It is recommended that the Commission:

**CEQA FINDING:**

Find that the activity is exempt from the requirements of CEQA pursuant to California Code of Regulations, title 14, section 15061 as a categorically exempt project, Class 1, Existing Facilities; California Code of Regulations, title 2, section 2905, subdivision (a)(2).

**PUBLIC TRUST AND STATE'S BEST INTERESTS:**

Find that the proposed lease will not substantially impair the public rights to navigation and fishing or substantially interfere with Public Trust needs and values at this location, at this time, and for the foreseeable term of the lease; is consistent with the common law Public Trust Doctrine; and is in the best interests of the State.

**AUTHORIZATION:**

Authorize issuance of a General Lease – Recreational Use to the Applicant beginning March 25, 2018, for a term of 10 years, for the continued use and maintenance of an existing pier, boathouse, and two mooring buoys as described in Exhibit A and shown on Exhibit B (for reference purposes only) attached and by this reference made a part hereof; annual rent in the amount of \$1,470, with an annual Consumer Price Index adjustment; and liability insurance in an amount no less than \$1,000,000 per occurrence.
