ACTING CHAIRPERSON RASMUSSEN: This meeting is called to order.

We have one item on the agenda.

EXECUTIVE OFFICER DEDRICK: Yes, Commissioners.

This is the consideration of -- that's not right.

The purpose of this meeting is to approve an amendment to the Reclamation Board's general permit which allows the construction of an experimental levee protection device.

The Rec. Board had applied for a site which was approved by everybody. The legislature decided that a different site would be better and funded the different site. The Rec. Board then asked for an amendment to their general permit so that they could do the work on that site.

The amendment only does two things. It changes the site and it extends the date to October 1st, 1986. It does not change the requirement for a monitoring and research program to be approved by Fish and Game and State Lands prior to beginning of construction.

ACTING CHAIRPERSON RASMUSSEN: Are there any questions?

EXECUTIVE OFFICER DEDRICK: Jake Angel from the Department of Water Resources is here --

1           ACTING CHAIRPERSON RASMUSSEN: Hi. Thanks for  
2 coming.

3           EXECUTIVE OFFICER DEDRICK: --and wondered if you  
4 had anything you'd like to say, Jake?

5           MR. ANGEL: No. Not too much except that we will  
6 be coordinating the monitoring program. I have a draft of  
7 what Fish and Game, Fish and Wildlife Service in the Northern  
8 District will be doing if the Commission wants that  
9 information. Other than that, we plan to fullfill the  
10 requirements of the Commission.

11          ACTING CHAIRPERSON RASMUSSEN: Okay.

12          EXECUTIVE OFFICER DEDRICK: Well, that's fine. If  
13 you get it done in time for your deadline this year, fine,  
14 and if not, the extension will allow him to do it next year.

15          MR. SANDERS: Earl Cummings from the Department of  
16 Fish and Game has just arrived.

17          EXECUTIVE OFFICER DEDRICK: Harold -- I'm sorry.

18          ACTING CHAIRPERSON RASMUSSEN: Did you wish to make  
19 a statement or comment?

20          MR. CUMMINGS: Yes.

21          ACTING CHAIRPERSON RASMUSSEN: Okay. Because we  
22 were just moving right along here.

23          MR. CUMMINGS: Sorry to hold you up. I did bring  
24 along a statement from the department.

25          ACTING CHAIRPERSON RASMUSSEN: While you're getting

1 that out, I have just one question and that is if this was  
2 within the area, the study area that we have set aside?

3 EXECUTIVE OFFICER DEDRICK: The moritorium on  
4 marinas?

5 ACTING CHAIRPERSON RASMUSSEN: Yes.

6 EXECUTIVE OFFICER DEDRICK: No. It's a long way  
7 north of that.

8 ACTING CHAIRPERSON RASMUSSEN: I assumed it was, but  
9 I wanted to make sure of that.

10 MR. CUMMINGS: I can either read this or simply  
11 provide you with copies. The essence of it is that we have  
12 no objection to a properly conditioned permit issued to  
13 Reclamation Board. We have an outline for a study of  
14 fisheries affects.

15 Our principle recommendation is that we be allowed a  
16 year of preliminary investigations to establish what the fish  
17 habitat values are of Woodson Bridge.

18 ACTING CHAIRPERSON RASMUSSEN: And the staff is  
19 aware of what your concerns are?

20 EXECUTIVE OFFICER DEDRICK: Yes. The reason I  
21 raised the question of the monitoring and research program to  
22 be approved both by Fish and Game and State Lands was to  
23 cover these concerns to make sure that you understood that  
24 the concerns of Fish and Game are covered.

25 Before you came in, Jake Angel from DWR assured us

1 that the department fully intends to carry out those  
2 conditions of the permit.

3 We extended the date of the permit in this action to  
4 October of '86 so that if you can't get, if the act doesn't  
5 get together this year, it will be time to do it next year  
6 and the permit won't have to be acted on again.

7 MR. CUMMINGS: Fine. We'd like to see a  
8 construction season between essentially July 1 and October 1.

9 ACTING CHAIRPERSON RASMUSSEN: So you have no  
10 objection to the permit conditions?

11 MR. CUMMINGS: No.

12 ACTING CHAIRPERSON RASMUSSEN: Are there any other  
13 questions --

14 COMMISSIONER ORDWAY: You have a motion.

15 ACTING CHAIRPERSON RASMUSSEN: --comments, concerns?

16 The item is approved as presented.

17 Thank you everyone for coming.

18 (Thereupon the meeting of the State Lands

19 Commission was adjourned at 10:10 a.m.)
